FCA IN WESTERN PA

Consider Your

2020 Year End Donation to WPAFCA

God has placed on my life the calling to tell every coach and every athlete in Western PA about Christ and challenge them to grow in their faith. With over 500 high schools and middle schools and 40 colleges in Western PA, I need an army of staff and volunteers that have a heart for our athletes and coaches to accomplish this task. I am so grateful for the 12 current staff and prospective staff on the team of Western PA! We still have so much more to achieve and grow and I need your help to accomplish this vision.

Our financial goal is \$50,000 by December 31st, a small portion of an annual budget. Please consider the call to join our team as a financial partner with an extra one-time year end gift or joining as a new Automatic Monthly Partner (AMP).

Year End Goal \$50,000

Building The Team

The footprint of FCA Western Region, PA includes about 540 schools. To create a true ministry of presence in this community, the vision for full-time staff development is a bold one:

*Each multi-area director and metro area director is developing his or her own staffing plan and will hire his or her own team.

Testimonials of Transformation...

C.C. Courter
Saint Francis University
Women's Lacrosse

Being able to hear from other athletes who are in similar positions as me really helped me apply his word to my personal life. FCA has not only given me the opportunity to hear about others' faith journeys, but has also helped me be more communicative about my faith to others and truly help spread God's word to others. FCA creates a faith welcoming atmosphere allowing student athletes to really open up and explore their faith with each other. For me, FCA has helped me grow more confident in my faith and helped me become the closest to God in my life that I have been so far.

Joseph K. Kimmel
Superintendent of Schools
Windber Area School District

FCA provides an opportunity for our students to express themselves and to reinforce and introduce Christ in their lives while at school. The FCA structure provides positive communication and support of students in their quest for spiritual growth and in their choices and mental well-being.

William C. Polacek
President & CEO
JWF Industries

Originally I supported FCA as I witnessed the faith based change in our youth that has been taken out of our schools and to a degree at home, what it transformed into is change in me, change that is helping my family, my friends, and my business.

Your Impact Reaches...

- Development of New Area Directors - Hiring, Training, Resources
- Resources and Training for current Western PA Staff
- FCA International - Philippines - Provide opportunities for coaches and athletes to serve in FCA camps
